

07.07.2022

Central library, Delhi Technological University is organizing an online **training & Certification** programme on **JCR** (Journal Citation Review) by **Clarivate** on 19.07.2022 (Tuesday) at 11:00a.m.

These are couple of WebEx trainings being conducted by the Clarivate product experts on various aspects of the platform.

Topics that will be covered:

- JCR Overview-Journal Intelligence Solution
- Journal Profile
- Deep Dive into Impact Factor
- Best practices of using Impact Factor for evaluation
- Understanding the key metrics for journal evaluation beyond impact factor
- Journal comparison
- Selection of best-fit journal to publish your research
- Using JCR for library collection development

Journals enlisted on JCR are chosen from those indexed on the Web of Science core collection- Science Citation Index Expanded (SCIE) and Social Science Citation Index (SSCI).

Benefit to researchers: JCR helps researcher decide if a given journal is a good place for you to publish, as well as show how you have contributed to that journal with your previous articles.

Connect to the two-part training program to know more about these benefits.

Training Schedule

- Part 1 | Tuesday, 19 July 2022 at 11:00 AM (India Time)
- Part 2 | Thursday, 21 July 2022 at 11:00 AM (India Time)

Upon successful completion of the program, the attendees will be given due recognition by means of a personalized e-Certificate. It is **mandatory to attend both parts** to be considered for the certification.
