CIRCULAR

As all know that Techfest and Engifest are to be held on 10-12 February and 18-20 February, 2017; therefore, each and every student of DTU has the responsibility of maintaining decorum/ discipline everywhere covering all events in fests, inside and outside DTU campus because any indisciplinary activity may jeopardize the reputation of a very good institute like DTU.

Keeping in view the seriousness of the issue, all students are informed that indiscipline of any kind will not be tolerated at all and if any student gets involved in any indisciplinary activity, a direct interim **rustication** of him/her will be done for the period until the enquiry by Board of Discipline is finalized.
