The Central Library has access to **Web of Science** (previously known as **Web of Knowledge**) an online scientific citation indexing service. It provides a comprehensive citation search and gives access to multiple databases that reference cross-disciplinary research.

Acceptable content for Web of Science is determined by an evaluation and selection process. To know more about it, the library is going to conduct an awareness program about the Web of Science on 20.04.2018 (Friday) at 11:00 a.m. in the Conference Hall on 3rd floor of the Central Library.
