TEQIP-II sponsored Faculty Development Programme on
ENVIRONMENTAL POLLUTION: MONITORING AND CONTROL
(OCTOBER 24-28, 2016)

Coordinator

Dr. A. K. Haritash

Co-Coordinator

Prof. S. K. Singh
Dr. Rajeev Mishra

Organised by

Department of Environmental Engineering
Delhi Technological University
(Formerly Delhi college of Engineering)
Bawana Road, Shahbad Daultapur,
Delhi – 110 042

COURSE CONTENT

The topics to be discussed in the FDP on EPMC are following, but are not restricted to

- Environmental concerns in India
- Water Quality and Health
- Air Quality and health
- Decentralized Wastewater Treatment
- Advanced Instrumentation and Monitoring Techniques
- Remote Sensing & GIS: Application in monitoring and pollution control
- Bioremediation & cleaner technologies
- Ecological restoration
- Waste Management and Energy Conservation

RESOURCE PERSONS

Faculty/Scientists from IITs, MoEF (GoI), CPCB, DRDO, DU, JNU, CSIR and Experts from Industry.

VENUE

Seminar Hall, Library Building
Delhi Technological University, Delhi

For further information

Please visit DTU website: www.dtu.ac.in

Important Dates

(As seats are limited, kindly apply at the earliest)
Last date for receipt of application: 20/10/2016
Intimation to the selected candidates: 21/10/2016

Target Participants

The programme is open to the faculty and research scholars of AICTE approved educational institutions,

Universities, and the professionals from Research Organizations, Industries, and NGOs.

Registration

Registration form in the prescribed format approved/ sponsored by competent authority should reach to the Course Coordinator on or before 20/10/2016. **There is NO Registration Fee for participants from AICTE approved/Government institutions.** For industry professionals, the registration, fee is Rs 2500/ per person in the form of DD in favour of Registrar, DTU, payable at SBI, DCE branch (Code: 010446) Delhi. The list of selected candidates will be displayed in University website (www.dtu.ac.in) on 21/10/2016.

Submission of Registration form to:

Dr A. K. Haritash
Coordinator, EPMC-2016
Deptt. of Environmental Engineering
Delhi Technological University, Bawana Road
Shahbad Daulatpur, Delhi - 110042
E-mail: akharitash@dce.ac.in; M: +91- 9911710444

Accommodation and Travel

Accommodation for few pre-registered participants can be arranged in campus guest house or hostels on payment basis if available. The participants will have to bear the expenses for stay and meals. TA/DA will not be paid for attending the STC. However, working lunch/tea/snacks will be provided during the course.

About the University

75 years of Tradition of excellence in Engineering & Technology Education, Research and Innovations" Delhi College of Engineering, (initially established with the name – Delhi Polytechnic) came into existence in the **year 1941** to cater the needs of Indian industries for trained technical manpower with practical experience and sound theoretical knowledge. It comprised of a multi disciplinary and multi level institution offering

wide ranging programmes in engineering, technology, arts and sculpture, architecture, pharmacy and commerce. The national diploma awarded by the institution was recognized as equivalent to degree level for the purposes of employment. In 1952 the college was affiliated with University of Delhi and started formal Degree level Programmes, from July 2009, the DCE has become Delhi Technological University vide Delhi act 6 of 2009.

About the Department

The Department of Environmental Engineering at Delhi Technological University (DTU) is a global leader in developing engineering solutions to societal-scale challenges. We have been offering M.E. (Environmental Engg.) degree since 1972 and B.E. (Environmental Engg.) degree since 1998. Currently the department offers B. Tech. (intake 60), M. Tech. (intake 20) and PhD degrees in Environmental Engineering. In addition to this, the department also provides opportunity to working engineers for upgrading their qualification under Continuing Education programme on part time basis for PG level. The department conducts cutting-edge research, in developing the vital areas that address societal needs for environmentally sustainable life style. The education in the department prepares students with a wide range of problems encountered by environmental engineers through electives and independently conducted projects. We also strive to promote teamwork, and we value integrity and honesty in all efforts. Our faculty and staff are committed to educating our students such that they are best equipped to serve the nation and the world as professionals, scholars, academic leaders and entrepreneurs.
