

DELHI TECHNOLOGICAL UNIVERSITY

Department of Software Engineering

Labs & Infrastructure

Computer System

Officer-in-Charge: Ms. Priya Singh

Computer system lab is a place where students and researchers work on computers to learn and develop new skills.

Objective

- Learning : Students learn about computer science, coding, and automation
- Research : Students and researchers work on projects to evaluate and improve computer systems
- Career exploration : Students can see how computers are used in different careers

Equipment's in Lab:

S.no.	Equipment Detail	Unit
1.	HP ProOne 440 desktop computer (intel core i7 2.10 GHz)	30
2.	BenQ Projector	01

Wi-Fi: -

Manageable Wi-Fi access point in the lab for access Internet on Desktop and Laptop.

Installed Software & Tools: -

Oracle 10g , Turbo C++ 4.0 , Code blocks – 13.12 , Dev C++, MS Office. etc.
