

About the Institute

Delhi Technological University located in Delhi is a premier institution of Engineering and Technology in India. The university plays a key role in the national and global knowledge network, empowering India with the wings of knowledge and power of innovation. The university aims to imbibe a culture of methodical research and to develop a scientific temper for the integration of Engineering, Science and Management. DTU has been ranked amongst the top institutions in multiple reputed national and international surveys.

About the Department

The Department of Electronics and Communication Engineering has experienced considerable growth since its inception in 1976. The vision of the department is to focus on the incubation of innovations in the areas of electronic design/ fabrication, Signal Processing and communication technologies, which are needed to address the growing challenges of tomorrow. The overall aim is to harbor a sustainable, and continuously evolving scientific, technological and educational environment.

About the Programme

This Faculty Development Programme is diligently planned around developing the foundational knowledge needed to train the teachers to address the rapidly changing educational needs. During the course of the programme, the participants will be familiarized with advanced pedagogical techniques namely Flipped classroom, Project based learning, Peer and Collaborative learning. These techniques will combine creativity and Design Thinking with special impetus on Innovation.

The programme also emphasizes on implementation of outcome based education in curriculum development. The programme will further elaborate on different assessment methods and application of Bloom's taxonomy framework to create quality question papers that would involve high order thinking skills (HOTS) and methods to assess students' learning. The effective mechanisms of counseling and mentoring will also be explored that can prove immensely fruitful in guiding students.

Two Weeks Faculty Development Programme (FDP)

on

Advanced Pedagogy

10th - 21st July 2023

Organized by

Department of Electronics and
Communication Engineering,
