Dr. Apoorva Jain

Dr. Prama Vishnoi

Dr. Arushi Jain

Dr. Veenu Shankar

Ms. Renuka Prasad

IMPORTANT DATES:

Registration opens : 5 May, 2026

Last date for Registration : 15 June, 2026

FDP dates : 22 June to 3 July, 2026

Registration Fee:

- PhD Research Scholar / PG student: Rs. 2500+ GST
- Academicians: Rs. 3500+ GST
- Industry professionals: Rs. 4500+ GST

Note:

The certificates shall be issued to those participants who will attend the program with a minimum 80% attendance.

TWO WEEK FACULTY DEVELOPMENT PROGRAMME

on

**Research Methodology
22 June - 3 July, 2026**

ORGANIZED BY

DELHI SCHOOL OF MANAGEMENT

DELHI TECHNOLOGICAL UNIVERSITY

(FORMERLY DELHI COLLEGE OF ENGINEERING)

BAWANA ROAD, DELHI - 110042

WEBSITE: www.dtu.ac.in

About DTU

Delhi Technological University (DTU) was established as a university vide Delhi Act No. 6 of 2009 by the Government of NCT of Delhi, transforming Delhi College of Engineering. With a legacy dating back to 1941, DTU offers undergraduate, postgraduate, and doctoral programs in Engineering, Management, and Applied Sciences through 16 academic departments. The university is renowned for its strong academic rigor, cutting-edge research, and vibrant industry collaborations.

About Delhi School of Management

Established in 2009, the Delhi School of Management (DSM) upholds the academic distinction of DTU by offering advanced education in management. DSM offers a range of programs including MBA, MBA (Business Analytics), MBA (Innovation, Entrepreneurship & Venture Development), Executive MBA, and Ph.D. With a focus on innovation, entrepreneurship, and ethical leadership, DSM provides an industry-driven curriculum, hands-on learning through internships and projects, and a vibrant campus life. It aims to develop socially responsible, tech-savvy leaders for sustainable business growth. The department has also conducted several successful Faculty Development Programmes and skill enhancement initiatives in the past, reaffirming its commitment to academic and professional excellence.

About the FDP

This FDP aims to enhance participants' research capabilities and teaching effectiveness. The programme covers key topics such as research design, data analysis techniques, quantitative analysis, and scientific writing, with a focus on research ethics. **Sessions will be conducted offline only**, with expert resource persons from academia and industry providing hands-on insights.

Program Objectives

- Synthesize existing literature to identify high-impact research gaps.
- Design a theoretically sound research framework using appropriate qualitative or quantitative methodologies.
- Execute data analysis using modern statistical tools (SPSS/R/NVivo).
- Evaluate the ethical implications of their research, including plagiarism and data integrity.
- Produce a high-quality manuscript draft suitable for indexed journals (Scopus/Web of Science).

Topics to be covered

- Fundamentals of Research
- Research Design
- Navigation of research material in e-library
- Systematic LR & Bibliometric analysis
- Survey questionnaire design
- Data collection & data analysis
- Introduction to SPSS & Data Clearing
- Structural Equation Modelling
- Design of Experiments: Taguchi method
- Introduction to R language & its analysis
- Introduction to ARCH/GARCH
- Applications of Multi-criteria decision making methods
- Research paper/Thesis/Report writing.

Target Audience

The programme is ideal for faculty members from UGC/AICTE-approved institutions, Ph.D. scholars, early-career researchers, and professionals from academia, research organizations, and government institutions.

How to Apply

Interested participants may apply via Google Form or email a scanned registration form. Selection is on a **first-come, first-served** basis (max 60 seats). Shortlisted candidates will be informed by email with payment details. Meals and refreshments will be provided during the sessions. Participants are expected to bear their own travel and lodging expenses.
