Advertisement for the post of Developer

Applications are invited for Developer position from highly motivated and eligible candidates for the Project Titled “Development of AI-Based Solution for Analysing, Benchmarking and Quality Monitoring of the Cybersecurity Audit Reports and Performance Monitoring of Auditing Organizations” as per the details given below:

Name of Position	Developer
Sponsoring Agency	Ministry of Electronics and Information Technology (MeitY)
Monthly Emoluments	₹54,600/- (consolidated, inclusive of all components).
Tenure	The position is for 12 months or co-terminus with the project, whichever is earlier. The engagement is purely contractual, project-based position, and renewable subject to satisfactory performance, availability of project funds and after approval of Competent Authority.
Number of Position	02 (Two) Note: In case the position of Developer is not filled due to non-availability of suitable candidates, the position may be filled by engaging a Research Fellow, subject to suitability and project requirements.
Role Summary/ Job Description	<ul style="list-style-type: none">• Understand, design and develop the application architecture and user interfaces of the complete project web platform.• Perform full-stack website development.• Integrate AI/ML modules into the web application.• Implement interactive dashboards for visualization and monitoring.• Manage application server deployment and configuration.• Develop and integrate OCR components with manual verification.• Deploy the system at user agency sites.• Conduct hands-on end-user training.• Perform system testing.• Prepare technical and operational documentation for the AI-enabled cybersecurity audit analysis system.• Execute application-level implementation and integration of AI/ML components provided by the project team.• Perform assigned work and assist the Chief Investigator in various project phases.

Essential Qualification	<p>M.E./ M.Tech in Computer Science & Engineering / Information Technology / Software Engineering / Cyber Security / Artificial Intelligence / Electronics & Communications / Mathematics & Computing or a closely related discipline with minimum 60% marks or equivalent CGPA.</p> <p>OR</p> <p>B.E./B.Tech in Computer Science & Engineering / Information Technology / Software Engineering / Cyber Security / Artificial Intelligence / Electronics & Communications / Mathematics & Computing or a closely related discipline with minimum 60% marks or equivalent CGPA.</p> <p>OR</p> <p>Bachelor's degree in Sciences/Computer Applications and Master's degree in Computer Applications (with Mathematics at B.Sc./B.C.A level) with a minimum 60% in aggregate or equivalent CGPA.</p>
Desirable Qualification	<p>For M.E./M.Tech Candidate:</p> <p>a. One (01) year of relevant post-qualification experience</p> <p>For B.E./B.Tech/MCA Candidate:</p> <p>a. Two (02) years of relevant post-qualification experience</p> <p style="text-align: center;">AND</p> <p>In addition to the above, preference will be given to candidates possessing the following:</p> <ul style="list-style-type: none"> • Experience in full-stack web application development (frontend and backend) using modern frameworks and technologies. • Hands-on experience in integration of AI/ML models into web applications using Python-based frameworks and APIs. • Experience in dashboard development and data visualization using web-based visualization libraries and tools. • Working knowledge of application server setup, configuration, deployment, and maintenance (on-premise or cloud environments). • Experience with OCR/document processing workflows, API integration, testing, version control systems, and technical documentation. • Familiarity with basic cybersecurity concepts, secure coding practices, and deployment in compliance-driven environments <p>Note: Desirable qualifications are not mandatory and will be used only for preference during shortlisting/selection.</p>
Age Limit	35 years. Age relaxation, if any, shall be applicable as per Government of India / DTU / funding agency norms.
Preferred Skills	Working knowledge of Python, SQL, document processing (PDF/OCR), AI/ML tools, version control, testing frameworks, and technical documentation, with basic understanding of cybersecurity concepts.
How to apply	The duly filled application form appended with detailed CV, recent passport size photograph along with proofs of educational qualifications, experience certificates and research publications in a single PDF file should be sent through email to pawansingh@dtu.ac.in and copy(CC) to sanjay.kumar@dtu.ac.in & anurag@dtu.ac.in

	The subject line of the Email should be “ Application for the post of Developer under MeitY sponsored project ”
Last date to apply	19/02/2026
Date of Interview	The shortlisted candidates for Interview will be informed through email only.

Terms and Conditions:

1. The engagement is purely contractual and project-based. The appointment shall be for a period of twelve (12) months or co-terminus with the project, whichever is earlier, and may be renewed subject to satisfactory performance and availability of project funds, as per project requirements.
2. Selection shall be carried out through shortlisting of applications based on eligibility and relevant experience, followed by an interview of the shortlisted candidates by the Selection Committee.
3. Participation in any workshops, scientific events, conferences, or visits to organizations/academic institutions in India for project-related work shall be treated as “On Duty” only with prior approval of the competent authority / Chief Investigator (CI).
4. The selected candidate shall be paid consolidated monthly emoluments as specified for the respective position. No additional allowances such as HRA, TA, DA, medical benefits, or any other benefits shall be admissible.
5. A three (03) months satisfactory assessment period shall be mandatory for continuation of engagement. The Chief Investigator reserves the right to terminate the engagement at any time due to unsatisfactory performance, with one month’s notice.
6. The selected candidate shall be governed by the disciplinary rules and regulations of Delhi Technological University (DTU) as applicable from time to time.
7. The selected candidate shall be required to perform assigned project duties and prepare technical reports, documentation, datasets, software deliverables, and/or research publications as directed by the Chief Investigator, strictly in accordance with the project objectives and funding agency requirements.
8. No TA/DA shall be paid to candidates appearing for interviews or selection-related processes.
9. This engagement does not confer any employer–employee relationship with DTU or the funding agency beyond the project duration. The services shall automatically stand terminated upon completion of the project, or earlier, at the discretion of the Chief Investigator.
10. If any information is found false/incorrect at any stage, the candidature/appointment is liable to be cancelled even at the ongoing stage of appointment.
11. The appointment does not confer any right or claim for regular or permanent employment at DTU or with the funding agency i.e. MeitY.
12. Candidates who are currently employed must submit a No Objection Certificate (NOC) from their employer at the time of joining.
13. All communication with shortlisted/selected candidates shall be made only through email and/or the official website. No individual correspondence shall be entertained.
14. The Chief Investigator reserves the right to fill or not to fill any position advertised, without assigning any reason.
15. The date of interview shall be communicated only to eligible shortlisted candidates via email.
16. The selected candidate shall be required to work at least five (5) days a week, for a minimum of eight (8) hours per day, within the time window of 8:00 AM to 6:00 PM, or as per project requirements, and shall comply with the timelines, milestones, and deliverables defined by the Chief Investigator.

17. The selected candidate shall be required to maintain strict confidentiality of project data and may be required to sign a Non-Disclosure Agreement (NDA) as per project and institutional norms.
18. Canvassing in any form will lead to disqualification of candidature.

Dr. Pawan Singh Mehra
Chief Investigator
