MESSAGE

I am very happy to announce that Delhi Technological University has formed a structured format for receiving contributions from alumni and other well-wishers around the world. These contributions will empower DTU to reach new heights of excellence. This initiative is a testament to the extraordinary spirit of giving that defines our alumni and well-wishers. These contributions - whether towards state-of-the-art infrastructure, academic excellence, or sustainability - are not just financial gifts but strategic investments in shaping future leaders, innovators, and changemakers.

Through your support, we can transform visions into tangible realities - be it a world-class academic block, cutting-edge research infrastructure, or residential spaces fostering vibrant communities. Every contribution, big or small, carries a legacy that will inspire generations of students and faculty alike. Together, let us pave the way for DTU to continue its journey as a beacon of knowledge, innovation, and societal impact.

Delhi Technological University has always recognized that its alumni are its greatest legacy and the university is committed to support their continued growth, celebrate their achievements, and strengthen their connection with the University - as volunteers, employees, donors and mentors. DTU is and will always be committed to foster a strong relationship with our alumni to ensure that the university continues to contribute significantly to the society and the nation through its endeavours.

(Prof. Prateek Sharma)

PREMISE

Since its establishment in 1941 as Delhi Polytechnic, DTU has been a beacon of excellence in education and innovation. It was elevated to university status in 2009 and has consistently contributed to the nation's progress by nurturing talent that leads with vision and integrity. The university takes immense pride in the role played by its Alumni in these remarkable achievements. With our strategic focus on International Collaboration, Interdisciplinary Research, and Strengthening Industry Relations, DTU is committed to fostering an even deeper relationship with our Alumni to transform its potential into impactful outcomes for individuals, society, and the nation.

ALUMNI GIVING

Alumni giving is a powerful way to strengthen the foundation of education, innovation, and community growth. At Delhi Technological University, we are dedicated to building a world-class academic ecosystem that nurtures excellence, drives transformative research, and inspires societal change. Your contributions as alumni play a pivotal role in advancing DTU's mission, enabling us to create modern infrastructure, foster cutting-edge research, and support student success. Alumni giving is more than a contribution-it is a way to stay connected to your alma mater and leave a lasting legacy. Together, we can empower the next generation to dream big, innovate fearlessly, and shape a better future for all.
