

# SNAP

What does one need for clicking good photos? A great camera? Not really (though, it certainly helps). But what one really needs are moments that one can look back upon in time and cherish, moments that leave a bittersweet tinge of nostalgia in your mouth.

So here we are, with loads of whacky moments for you, covering an entire spectrum of emotions which you can relate to your college. AND WE ARE ALSO GIVING YOU PRIZES FOR CLICKING YOUR OWN PHOTOS. WHAT CAN BE BETTER?

## Event Details

- Participants would be given a set of scenarios for which they would have to click a photo or a series of photos in a stipulated time (for e.g. **one of the scenarios could be-Click a photo of yourself with the prettiest girl or the most handsome guy you can find.**).
- While quality of pictures would not be a criteria that will be judged, creative interpretation of given scenarios will be appreciated.
- All you need to have is a decent camera (even mobile phone cameras will do) and a sense of humour.
- Each team can have a maximum of only three members.
- All the photos would have to be clicked in college premises unless mentioned otherwise.
- The list of scenarios would be provided on the day of the competition.
