

AURORA 2011

DOMINO EFFECT

Introduction:

If creating machines out of waste materials , sounds like your kind of thing, then DOMINO EFFECT will certainly pose a challenge for all the imaginative minds out there

Use your imagination and knowledge of the domino effect to build simple machines , that perform the specified tasks in an indirect and convoluted fashion !!!

Event Description:

1. This event consists of three rounds.
2. The first round will be preliminary quiz round.
3. The teams qualifying this round, will then move to the next round.
4. Round 2 will include building a simple machine on the principle of domino effect , with the help of material provided within a stipulated time period
5. The teams getting through round 2 , will then face off in the final round.

6. The problem statements for round 2 and 3 , will be released at the time of the event only.

Rules and Regulations:

1. The number of members in a team can vary from 3 to 5.
2. Only the materials provided by the organisers on the spot can be brought into use.
3. The teams have to follow the guidelines and restrictions as mentioned in the problem statement.
4. Participants must bring their own University ID Card.
5. In case of any dispute, the decision of the organisers would be final and binding.
6. The organisers of the event reserve the right to change and modify the rules and regulations without any prior notifications.
