

WORKSHOP SUMMARY REPORT

Technical Education in Bhartiya Languages in context of NEP2020: Application of Anuvadini

Event Details:

Event Title: Workshop on Technical Education in Bhartiya Languages: Application of Anuvadini

Organized by: Human Resource Development Centre, Delhi Technological University

Date: February 26, 2024

Time: 2:00 PM to 4:30 PM

Venue: Pragyan Hall, Second Floor, Administrative Building, DTU

Summary:

A workshop on Technical Education in Bhartiya Languages, focusing on the Application of Anuvadini was held on February 26, 2024, at Delhi Technological University, marked a significant stride in addressing language barriers in technical education. The event was organized by the Human Resource Development Centre and aimed to explore the role of Anuvadini in promoting linguistic diversity and effective communication.

Key Highlights:

Inaugural Session: The event commenced with a seamless registration process followed by the singing of the National Anthem. The traditional lamp lighting, Saraswati Vandana, and floral welcome set an auspicious tone for the workshop.

Welcome Address and Introductions:

- Dr. P.K. Goyal, Director of HRDC, delivered a warm welcome address, emphasizing the importance of language diversity in technical education.

- Prof. Madhusudan Singh, Registrar, DTU, and Prof. Prateek Sharma, Hon'ble Vice Chancellor, DTU, provided valuable insights into the workshop's objectives.

Demonstration of Anuvadini:

Dr. Buddha Chandrashekhar, Chief Coordinating Officer at AICTE spoke on the challenges posed by language diversity and the role of Anuvadini in addressing these challenges. The demonstration highlighted Anuvadini's support for 22 regional Bharatiya and foreign languages, with a focus on education and applications to various sectors such as external relations, agriculture, commerce, railways & transport, scientific research, and innovation.

Acknowledgments:

- Profound gratitude was extended to Prof. Prateek Sharma, Prof. Madhusudan Singh, and Dr. Buddha Chandrashekhar for their valuable contributions.
- Special thanks were given to Dr. P.K. Goyal, the Director of HRDC, and the entire organizing team for their meticulous planning and execution.

Discussion and Interaction:

- Participants actively engaged in discussions, raising insightful questions and sharing experiences related to language barriers in technical education.
- The interactive session fostered a collaborative atmosphere, enhancing the overall learning experience.
- The event concluded with a vote of thanks, expressing gratitude to all speakers, participants, and contributors for making the workshop a success.

Feedback:

Positive feedback was received for organizing the workshop as well as regarding content delivered in it.

Conclusion:

The Workshop on Technical Education in Bhartiya Languages proved to be an enlightening platform, shedding light on the potential of Anuvadini in overcoming language barriers. The event emphasized the importance of linguistic diversity and effective communication in the realm of technical education. As Anuvadini emerges as a transformative tool, its application holds promise in fostering collaboration, innovation, and national unity.

Future Scope:

- Encourage further research and exploration into the practical implementation of Anuvadini in educational institutions.
- Foster collaborations with relevant stakeholders to enhance the tool's capabilities and reach.
- Organize follow-up sessions or webinars to keep participants updated on advancements in language technology.

This workshop not only contributed to the academic discourse but also ignited a collective enthusiasm to embrace technological solutions for a more inclusive and diverse educational landscape.
